#### About NPL:

**Nabha Power Limited (NPL)**, a wholly owned subsidiary of **L&T Power Development Limited** has been successfully operating a 2x700 MW supercritical thermal power plant at Rajpura in the state of Punjab since 2014.

The entire power generated from the 2x700 MW supercritical thermal power plant of Nabha Power Limited (NPL) is contracted with **Punjab State Power Corporation Limited (erstwhile PSEB)** for a period of 25 years under a Power Purchase Agreement (PPA) for the exclusive benefit of Punjab. Efficient and reliable power from NPL forms the backbone of electricity supply to the state. NPL remains on **top of the merit order** as it is the lowest cost thermal power producer in Punjab, operating at high Plant Load Factor (PLF), which is among the best in the power industry.
